

Our Prosthodontist

Dr Linda Greenwall

BDS MGDS, RCS MSc, MRD RCS, FFGDP (UK) FICD, BEM
GDC No. 59853

Linda specialised in Prosthetic and Restorative Dentistry, before embarking upon an MSc at Guy's (London). She developed a special interest in tooth whitening and was the first dentist in the UK to have researched this subject.

Dr Greenwall first opened the practice in November 1993 with two surgeries, and has since undergone two further renovations. Now operating with five surgeries, Linda Greenwall & Associates has expanded their services in order to assist our patients.

Dr Greenwall focuses her treatment on Smile Design, Full Mouth Rehabilitation and minimally invasive techniques including inlays, onlays and bondings, which can improve and restore smiles while preventing extensive preparation of enamel.

Our Dentist

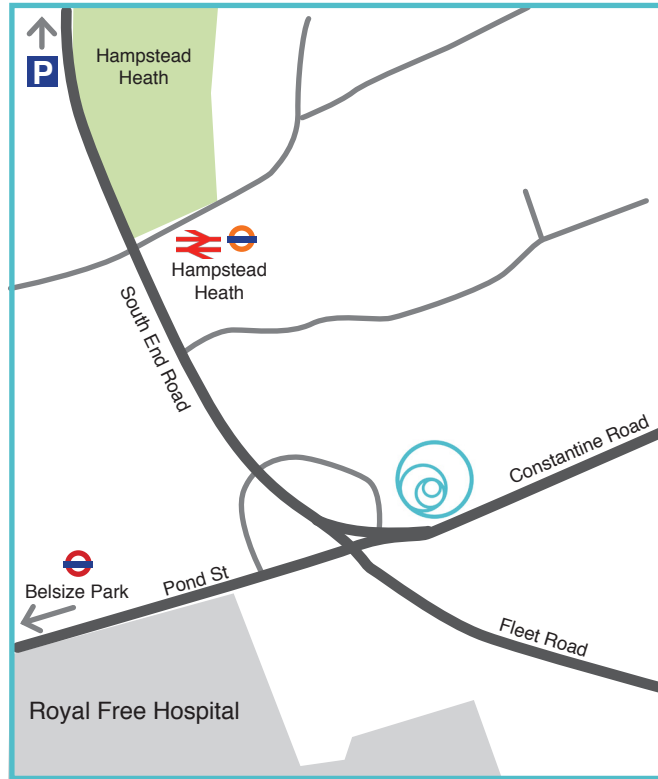

Dr Benedict Harrison
